

CHIARA TONON

Communication Designer

About me / I am an multidisciplinary designer always looking to improve myself and to learn new skills. I'm a creative, enthusiastic and open-minded person, able to work well both in a team as well as alone. Currently I am looking to go more deep in the design strategy to solve problem.

Personal skill

I like discovering variety in culture, in arts and crafts, in design and in technology. It helps me to think outside the box of conventional thinking, and to be creative in my own right.

SOCIAL WORK EXPERIENCE

my gap year

I traveled alone with a low budget in Southeast Asia (april 2018, april 2019). My goal was to help local people with my graphic skills in exchange of food and accomodation.
